

Product information

AVOL STREICHERT WTO_32

Description:

High performance heat transfer fluid is based on carefully selected highly refined mineral oils and resists oil cracking, oxidation and thickening. AVOL WTO_32 can be used in high temperature continuous heat transfer equipment with the following application limits: max. film temperature 320°C; max. bulk temperature 290°C.

Approvals and specifications:

ISO 6743-12 L-QC-32

ISO 3448 VG 32

DIN 51522-Q
